REPORT OF THE POLICE CHIEF

1966 was a busy year for your police department. The number of criminal investigations increased 35% over 1965. These included a number of serious crimes. In January, 14 camps at Silver Lake were broken into and damaged. Four juveniles were apprehended and appeared in court for these breaks. During February we investigated a murder and suicide. In May, a Tilton police officer captured a local resident who, ninety minutes earlier, had robbed a Vermont garage at gunpoint. This arrest also resulted in the solution of several thefts in Tilton. In July, an officer apprehended two juveniles inside the Winnisquam Market. Tibbetts Brothers garage was broken into during September and a large sum of money stolen. This break has not yet been solved. Tilton Sand & Gravel was entered in October and the safe ripped open. This was done by professional safe men who are still at large. Also in October, Bryant & Lawrence was broken into and three guns stolen. The person responsible was apprehended by this department in November and the guns recovered. At this writing he is awaiting trial in Superior Court. During our investigations we also solved breaks that occurred in Bridgewater, Sanbornton, and Laconia.

It should be noted that recent Supreme Court decisions have resulted in added difficulty for the police in the solution of crimes. The only readily apparent answer is to improve our training and to initiate new methods of patrol and investigation while attempting to hold down the cost. The problem of increasing crime is compounded in Tilton by our geographical location and the convenient access offered by our present highway system.

On the brighter side, I can report that Tilton has again shown a marked drop in motor vehicle accidents, with a decrease of 17% from 1965. We can hold the

line in 1967 with the help of every Tilton driver, by keeping alert, exercising courtesy toward other drivers, and by driving defensively at all times.

During the year, your chief attended a one week school of Police Administration conducted by the F.B.I. in Boston. This has proven to be most beneficial. We instituted a recruit training program for new officers which has been quite successful. In addition, Officer Corliss attended St. Anselm's College, studying Criminal Law, and officers have attended various seminars on police work.

I would like to thank the Board of Selectmen and citizens of Tilton for their continued support of the department. The result has been that Tilton has a police department that is second to none in the state, and at much less cost than comparable communities.

REPORT OF THE PLANNING BOARD

At the 1965 Annual Town Meeting it was voted to create a planning board and make available to it the powers and duties prescribed by the Community Planning Enabling Act of New Hampshire.

After the appointment of the seven member Planning Board, records and powers of the Zoning Commission were transferred to the Planning Board in accordance with the Community Planning Enabling Act. From October to December 1966, members of the Planning Board attended weekly meetings of the Community Planning Seminar which were conducted by the State of New Hampshire.

The goal of the Tilton Planning Board is to promote public interest and understanding of the Master Plan and Official Map of this town. Such Master Plan, with the accompanying necessary map, plats, charts, and descriptive matter, may be designed with the intention of showing as fully as possible and practical the Planning Board's recommendations for the desirable development of the territory. Consideration by the Planning Board of the general location, character, and extent of streets, viaducts, bridges, waterways, water fronts, boulevards, parkways, roadways in streets and parts, playgrounds, squares, parks, aviation fields, and other public property is of paramount importance. Routes of railroads, and other forms of public transportation and the general location and extent of public utilities and terminals, whether public or privately owned or operated, for water, light, heat, sanitation, transportation, communication, power and other purposes, also the acceptance, removal, relocation, widening, narrowing, vacating, abandonment, change of use of or extension of any of the foregoing ways, grounds, places, open spaces, building, properties, utilities, or terminals, and other planning features are also involved in good plan-

ning. A zoning plan is necessary for the control of the height, area, bulk, location and use of public and private structures, building and premises and population density. Of major importance is the general location, character, layout, and extent of community centers and neighborhood units; and the general character, extent and layout of replanning of blighted districts and slum areas.

Only recently background study has been initiated leading to the preparation of the Tilton Master Plan. In the course of the master plan development, the Planning Board will make careful and comprehensive surveys and studies of existing conditions and of data and information relative to the probable future growth of this township and its environs.

RICHARD F. WADLEIGH

FIRE RECORD

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.

2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to

dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.

3. Don't leave a live camp or cooking fire.

4. Most important — Instruct your children that matches are not play things.

Truly — Only You Can Prevent Forest Fires

Northfield 4 Fires	4 acres burned	91 permits issued
Tilton 3 Fires	2 acres burned	45 permits issued

Thanks again for your cooperation.

GEORGE W. BAILEY,
Forest Fire Warden

REPORT OF STUDY COMMITTEE ON SEWERAGE DISPOSAL SYSTEM

In Fall 1966, we filed with the Department of Housing and Urban Development an application for an interest-free advance for the preliminary planning of the sewerage and sewage treatment facilities for the Towns of Tilton and Northfield. This application, endorsed by the New Hampshire Water Pollution Commission, is being processed by the Federal Government and, as soon as the approval has been given, our engineers will start with the planning.

These planning advances are made available out of a revolving fund. The money advanced to communities is paid back when construction starts, but 80% to 90% is refunded to the community, when it receives the Grants.

In November 1966, Congress passed Public Law 80-753, the so-called "Clean Water Restoration Act of 1966", which increases the Federal Grants from 30% to 40% for rivers not classified and to 50% for rivers which are classified. Together with the 40% State Grants the total Grants will amount to about 80% to 90% of the total costs of main sewers and treatment facilities.

Sewer extensions and so-called laterals, these are sewers in side streets, do not qualify for the above Grants. As soon as the Town has a Master Plan worked out, most of these laterals will be eligible for a Grant under the Housing and Urban Development Act amounting to 50% of the construction costs.

As the increased Federal Grants will become valid on July 1, 1967, most communities deferred construction until after July 1, 1967, with the result that the replenishment of the revolving fund for planning advances is being slowed down.

TILTON-NORTHFIELD CIVIL DEFENSE

The Selectmen
Tilton and Northfield

Gentlemen:

There is little of importance to report on the activities of Civil Defense in this area during the past year. The federal authorities continued to require endless form completing, all four sets of radiological instruments have been replaced by new equipment, we have participated in several statewide emergency warning systems and of course our own warning device has been tested monthly.

There has been an important change, by federal directive, in the meanings of the signals sounded by the warning system. Commencing March 1st the signals should be interpreted as follows:

Up & Down Wail—
Signifies an attack is being made against this country and everyone should take cover and if possible listen to radio broadcasts.

Steady Wail—
A general alarm used in peacetime. The public should listen to their radios for information on possible hurricanes, tornadoes, etc. All safety personnel (police, fire department personnel, etc.) should stand by to report to their respective stations.

Alternate Hi-Lo Notes—
Local disaster or imminent approach of hurricane to this immediate area. Public should remain in their homes. All safety personnel report to stations.

Last Town Meeting defeated my proposal to construct an "Emergency Operations Building." The main reason apparently being the need to economise on the

town's budget. As your adviser on Civil Defense, I cannot over emphasize the importance and necessity of this building. It is essentially a partly underground cinder block and concrete building measuring approximately 15 ft. by 20 ft. which would house a number of police, firemen and CD workers in the event of an attack against this country resulting in radioactive fallout. Without this degree of fallout protection, our community would necessarily be totally without the services of all safety sources for a period of not less than three days following an attack. It is the writer's firm opinion, that for us as a community to ignore these facts amounts to great irresponsibility in regards to the safety of our country, our community and our families.

Other than the further consideration of the necessary funds to construct such an emergency shelter, I do not feel that it is necessary to raise anything larger than a nominal sum to support the existence of a CD structure in our communities. It is obvious that in the event of a local disaster or other unforeseen emergencies, additional funds could quickly be appropriated directly by our local governments.

Respectfully yours,
JOHN F. CLARIDGE,
C.D. Director

TILTON - NORTHFIELD RECREATION COUNCIL

1966 Annual Report

This past year concluded the eleventh year of operation for the T-N Recreation Council. It has been a busy series of events and programmed activities. The State of New Hampshire has appointed "Wink" Tappley director of "The Office of Community Recreation." He keeps in contact with the recreation departments throughout the state. He has assessed the T-N recreation program as outstanding, for a part-time endeavor.

During the earlier part of the year, the Recreation Depts. of T-N and Franklin, held an indoor winter activities competition. The events ranged from weight lifting, table tennis, and basketball, to and including checkers and chess. The events were held both on the grammar and high school levels. T-N remained champions for the 2nd year in a row, edging Franklin out by a two point lead.

The Babe Ruth ball club brought honors to T-N once again, by winning first place in their league. The boys are setting high standards for themselves, to "live up to," in the future years. We hope they continue to be a first place team, but more important, to continue to have good sportsmanship as their guide.

The swimming program this past year was arranged into two 4 week schedules. The first four weeks were outlined for beginners, intermediates and junior life savers. The latter period continued programs for beginners, advanced beginners, swimmers and senior life savers. All the children and teenagers received certificates, if they satisfactorily completed the requirements for their various grade levels.

The basketball team (grades 9-12), is entered in the Claremont championship league tournament. The boys

have been practicing this year, for the contest coming up in '67.

The weekly program has included bowling for grammar school grade children, basketball for adults on Thursday evenings at the high school, bowling programs for high school students and various indoor activities held at the Tilton Town Hall recreation room. During the "free play" periods at the center, the children and teenagers are taught how to play various games, observing the proper rules and regulations.

Three major activities were cancelled this year, due to budgetary decreases; the programs included the summer playground, ice-skating and ski sessions.

The teen council has also been very active and has contributed to the welfare of the communities and the recreation department. They have run several dances during the year; had movies for grade school children every other Saturday afternoon at the Tilton town hall; started a movie program for teenagers every other week; held an outstanding Halloween party and a most successful Christmas project, distributing toys and clothing to the twin towns' needy, as determined by the District Nurse.

The Recreation Council also ran another Skimobile race, under blizzard conditions, as a separate building fund project. A T.V. raffle was also held toward the end of the year, to try to raise funds for a community recreation hall. We are trying to increase the amount of funds toward this building project, so that we may realize a completed structure a little sooner. Another project which will continue, is to keep the public informed as to "what's going" in the T-N area concerning recreation. These programs are available to the citizens of our communities and we are happy to see more people taking advantage of them.

We would also like to thank all those people and organizations who in one way or another have given their assistance to help make this another successful year. We hope to enlarge the scope of the programs, to offer our citizenry a wider variety of activities, during the whole year.

ANNUAL REPORT OF THE DISTRICT NURSE

Fiscal Year for January 1 to December 31, 1966

During this period the nurse has made 2408 calls and 235 cases were cared for.

These were divided as follows:

	Home calls	Office calls
Therapeutic Nursing	1870	229
Ante-partum	1	2
Post-partum	4	
New-born	4	
School		1
Health and Welfare Service		
Infants	1	8
Pre-school	22	11
School	3	1
Adults	80	50

Three immunization clinics were held in the American Legion Hall in Northfield in April, May and June. 121 children attended these clinics. 30 series of triple toxoid, 91 boosters, 21 vaccinations for small-pox and 98 drinks of polio vaccine were given.

Mrs. Thalia Coulter R.N., Mrs. Raylene McLain R.N., Miss Rosemary Hawkins R.N. State Public Health Nurse, Mrs. Mary O'Neil R.N., School Nurse, Mrs. Mary Dwinal, Mrs. Marjorie Robert, and Mrs. Phyllis Yudickey assisted at these clinics.

Dr. Archie Grevior and Dr. Carlos Fernandez were the attending physicians.

Grateful appreciation is extended to the American Legion for the use of their hall for these clinics.

A sphygmomanometer and stethoscope were donated to our association, by Mr. and Mrs. Frank Rumph.

We had a need for this equipment and have put it to good use.

November and December were active months for welfare service. Many hours each year are spent investigating family situations, so that some unfortunate child will not be forgotten at Christmas, and that needy families have a holiday dinner.

These remembrances at the holiday season would not be possible, if it were not for the many generous donations by individuals, organizations and churches.

The Elks Club, The Salvation Army, The American Legion and Girl Scouts provided 28 families with food baskets.

The Recreation Department, the Methodist Church, the Congregational Missionary Society and the Episcopal Church provided 49 children with toys and clothing.

With money received from the Emblem Club and individual donations it was possible to purchase for 27 children and three adults, small gifts of clothing, which I wrapped and delivered.

Mrs. Thalia Coulter R.N. substituted two months for the nurse during the year.

I wish to extend my appreciation to all organizations, churches and individuals that have assisted me in any way, so that the work of this association may be carried on to the best interest of all residents in the Tilton and Northfield area.

Respectfully submitted,
VIRGINIA R. SNOW, R.N.

REPORT OF THE WINNISQUAM REGIONAL SCHOOL BOARD AND THE SUPERINTENDENT

In February of 1966 district meetings held at Tilton-Northfield and Sanbornton approved the formation of the Winnisquam Regional School District. In accordance with the vote in February an organization and first annual meeting was held in April 1966. At this time school board members were elected and other necessary votes were passed to place in effective operation the new school district.

On July 1, 1966 the Winnisquam Regional School District replaced the former Tilton-Northfield and Sanbornton School Districts and assumed all the duties of these former school districts relative to educational matters in Tilton, Northfield and Sanbornton.

The sudden size of the new cooperative school district required the diligent attention of the school board on all aspects of operating the merged school districts. Much time has been devoted to the program of studies, rules of procedure, transportation, proper staffing, and many other small details concerned with building an effective educational system. The Board has discussed each problem as it appeared and attempted to reach a reasonable operating solution.

As the new district matures we anticipate an improvement in our educational offering. A larger enrollment has enabled us to use our teachers more effectively in their strong areas. A woman is now handling girls physical education and Conversational French has been added to the junior high school course of studies. These are beginnings that we expect will be continued to the benefit of our children.

In the next few years we expect to have common programs of studies in both our Tilton-Northfield and Sanbornton Elementary Schools. This will be gradual so as

not to upset the progress of the children in the present programs.

The cost of this cooperative as with others that have been formed in the State has caused an initial substantial increase in operating cost. It is anticipated that after two years these costs will level when the full growth of the new Regional District has been realized.

The Winnisquam Regional School District early in its formation received petitions from the Belmont and Canterbury School Districts requesting a study to annex these school districts to our district. Many meetings have been held dealing with the consideration of these requests. At this time there have been no firm conclusions reached on the merits of this plan. It is hoped that this study can be completed soon and the results presented for your consideration.

The evaluation of Tilton-Northfield High School which was started last year will be finished this spring. At this time the self analysis will be completed and a visiting committee will make a three day visit, then issue a written report. Their recommendations will be studied for their use in the improvement of our school system.

The major renovations and improvements to our schools this past year include:

Painting the middle and top corridors in the Junior High School.

Painting three classrooms, the remedial room and corridor of the Sanborn School.

Painting teachers and nurses room at Sanborn School.

Painted 62 storage cabinets at Sanborn School.

Clearing of the playground drains at the Union and Sanborn Schools.

New floor in Union School.

Business Machines for Business Education Classes.

Tape Recorder

Overhead Projector

Reading Machines

In addition to the above many items of maintenance were completed by the custodians and service repairmen.

We wish to express our deep appreciation to the following:

1. The Journal-Transcript for its excellent program of raising funds for the Franklin and Tilton-Northfield Scholarships and for its outstanding news coverage of the local schools

2. The Tilton Women's Club of Tilton-Northfield for funds for the annual Dental Clinic.

3. The Benevolent Order of Elks for its annual scholarship for pupils in the area.

4. The Anna M. Hussey Memorial Committee for its scholarship award to future teachers.

5. The Pucci Family for the Alfred H. Pucci Memorial Fund.

6. The Tilton Rotary Club for its annual scholarships to three graduates and for sending pupils annually to the United Nations Model Assembly.

7. The American Legion Whiteman Post No. 49 for its scholastic award and its sponsoring pupils to Boys State.

8. The American Legion Auxiliary for sending girls to Girls State.

9. The Tilton Holy Name Society for prizes in homemaking and shop.

10. The Daughters of the American Revolution for its award.

11. The Grevior Improvement Award, the Women's Club Achievement Award, the Channing T. Sanborn Music Award, the Barbara Walles Award, the Arch Scholarship Award, the Future Homemakers Award and the Emblem Award.

12. The Katherine M. Johnson Scholarship.

13. The Garden Club, Friends of the Library, the Library Trustees and all civic and professional organizations which have contributed special gifts or assistance.

GENERAL COMMENTS

Current Surplus:

It is noted that the current surplus (excess of total assets over current liabilities) decreased from $7,036.23 to $368.98, during the fiscal year ended June 30, 1966, as shown herewith:

	June 30, 1965	*June 30, 1966*
Total Assets	$7,036.23	$1,107.74
Current Liabilities	-0-	738.76
Current Surplus	$7,036.23	$368.98

Revised Balance — June 30, 1965:

The revised Treasurer's balance as of June 30, 1965, was arrived at as follows:

Bank Balance as per Statement of June 30, 1965	$36,302.63
Add: Deposit of July 1, 1965	1,920.00
	$38,222.63
Less: Outstanding Checks	31,186.40
Reconciled Balance — June 30, 1965	$7,036.23

Recommendations:

(1) The Treasurer should reconcile the bank balance with the cash book balance each month when the cancelled checks and statement are received from the bank.

(2) A record of all note and bond issues should be kept in the standard form of Note, Bond & Coupon Register which is designed for this purpose. This is required by R.S.A. 33:12, which provides as follows:

"33:12 Register. The treasurer of every municipal corporation shall keep a register, in such form as may be prescribed by the state tax commission, which shall state the denomination, number and date of every bond or note issued by the municipality, the time when and the place where the principal thereof and interest, if any, thereon are payable and such other information as the state tax commission may prescribe. The state tax commission shall inspect the register provided for herein whenever it shall make any audit of the accounts of a municipal corporation."

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Tilton-Northfield School District for their assistance during the course of the audit.
